**LONDON, October 18.—The Russian successes caused a considerable slump in Japanese 4's on the stock exchange today, which was further aided by the wildest reports, including the capture of General Kuroki.**

**At 12:30 Japanese 4's marked a loss of 1 1-2 per cent.**

## BLOODY MUKDEN DRAMA.

**Kuropatkin is Still Able to Strike Back Hard.**

ST. PETERSBURG, Oct. 18, 2:08 p. m.—The issue of the bloody drama below Mukden is still in the balance. There is no attempt to minimize the severe character of the reverse suffered by Kuropatkin last week, but as yet there has been nothing absolutely decisive. There certainly is no rout and the War Office has not yet given up all hope that Kuropatkin may be able to again resume a genuine offensive. It is asserted here that the tone which the diplomats and newspapers of Tokio assumed in referring to what they seem to look upon as the closing act of the tragedy of General Kuropatkin's army is certainly premature. Both armies are greatly exhausted and the final issue probably will depend on which can re-gather itself the quicker. The Russian legions are terribly battered and more or less demoralized, but the splendid manner in which they went forward against Lone Tree Hill Sunday is evidence that the temper and courage of the troops is not completely shaken. The Emperor this morning received Kuropatkin's Sakharoff's reports of the Russians' attack on and capture of the village of Shalandzy, half way between Lone Tree Hill and Shakhe, and simultaneously the storming of the former, thereby gaining two positions of the highest importance on the south bank of the Shakhe river.

## 15 YEARS FOR GARNETT.

SAN FRANCISCO, October 18.—Alexander J. Garnett, who shot and killed Major J. M. McClung at the Palace Hotel on November 25, 1903, and who was convicted of the crime of manslaughter was today sentenced by Superior Judge Laylor to serve fifteen years imprisonment in the penitentiary at San Quentin.

## RAIN DOES DAMAGE TO ROAD

MUKDEN, October 18, 5:30 a. m.—It rained during the night, but the roar of the artillery did not cease for a moment. The day broke cold and with a cutting wind. The roads have been ruined by the rain.

## RUSSIANS RETAKE VILLAGE

**Russian Officers are Speared on Bayonets.**

ST. PETERSBURG, October 18.—The general staff has received the following dispatch from General Sakharoff dated to-day: "The Russians repulsed a Japanese attack on their right wing during the night of October 17 and seized the village of Shalandzy on the bank of the Shakhe river and east of Shakhe. The enemy strongly bombarded the captured village but did not advance to the attack on Lone Tree Hill, now called Poutloff Hill. "The work of burying the dead proceeded all night long. Military honors were paid the Japanese dead. "A considerable concentration of the enemy's troops has been observed against our center. There was no fighting yesterday on our left flank. "The Japanese operations on the extreme right evidently intended to cut the railroad below the Hun river, have failed, the Japanese being unable to get beyond Sin Chin Pu, two miles west of the Shakhe railroad station. Field Marshal Oyama seems to be passing troops against the Russian center, and the War Office here expects that he will make a desperate effort to-night or tomorrow to retake the two vital positions.

### LIFTED IN AIR BY BAYONETS.

The general staff believes that the storming of Lone Tree Hill for valor and slaughter will occupy a place by itself in military annals. Kuropatkin, under whose eye the assault was made, rechristened it Poutloff Hill, in honor of the man who led the attack at the head of the second brigade of the East Siberian Rifle division, and who was subsequently decorated on the field with the St. George's cross. The hill is a precipitous rocky height and although the Japanese had occupied it only a short time, they had thrown up very strong defenses. The river running at its foot increased the difficulty of the task but it was scaled and carried successfully against the unprecedented opposition of a Japanese division, 14,000 men, with many guns. The Russian losses were terrible. The fighting on the crest of the hill was altogether with cold steel. The Russian officers with swords aloft leading the scaling column were literally lifted in the air by the Japanese bayonets and the Japanese then bayoneted the first of the Russian soldiers who piled in the trenches. All the dead in the trenches were bayoneted, their weapons bearing marks of the dreadful combat. "The Russian line, according to the War Office, still extends eastward along the Shakhe river to Uindiapu, where it crosses the Mukden-Benisluputze road. Further east the roads leading north from Bensihu and Fushun, whence there is a direct road to Tie Jass, are also strongly held, it being feared that Oyama might shift the weight to his right, thus reversing the situation at the opening of the positions, with Kuropatkin pressing the Japanese left, in other words duplicating the strategical position at Liao Yang.

### MAY RESUME OFFENSIVE.

While the War Office holds out hope that Kuropatkin may resume the general offensive, it is privately admitted that the chances are against him un-

## JAPANESE BEATEN BADLY

**General Yamada Enveloped and Lost 14 Guns.**

TOKIO, October 18, 1 p. m.—The Russians scored their first success on the Shakhe river Sunday night, October 16, when they succeeded in enveloping a detachment under General Yamada, which was sent to assist part of the left army. Yamada beat off a frontal attack, but the Russians swept through both flanks. Most of the gunners and horses were shot. The Japanese abandoned nine field guns and five mountain guns. After a desperate hand-to-hand encounter, Yamada cut through the Russian line and reached his former position. These are the first guns to be lost by the Japanese during the war.

## AMERICAN TROOPS KILL OUTLAW.

**AMERICAN SOLDIERS DEFEAT INSURGENTS IN ISLAND OF SAMAR.**

MANILA, October 18.—A force under Lieutenant Poggio of the constabulary has defeated a large number of Palajanes in the mountains of Eastern Samar, killing the notorious outlaw Oyoma and fifty of his followers.

## JAPANESE REFER TO LOSS OF GUNS

ST. PETERSBURG, October 18, 7:05 p. m.—Up to this hour no fresh news has been received from the front. "The Tokio report referring to the capture of Japanese guns probably refers to the Lone Tree Hill fight.

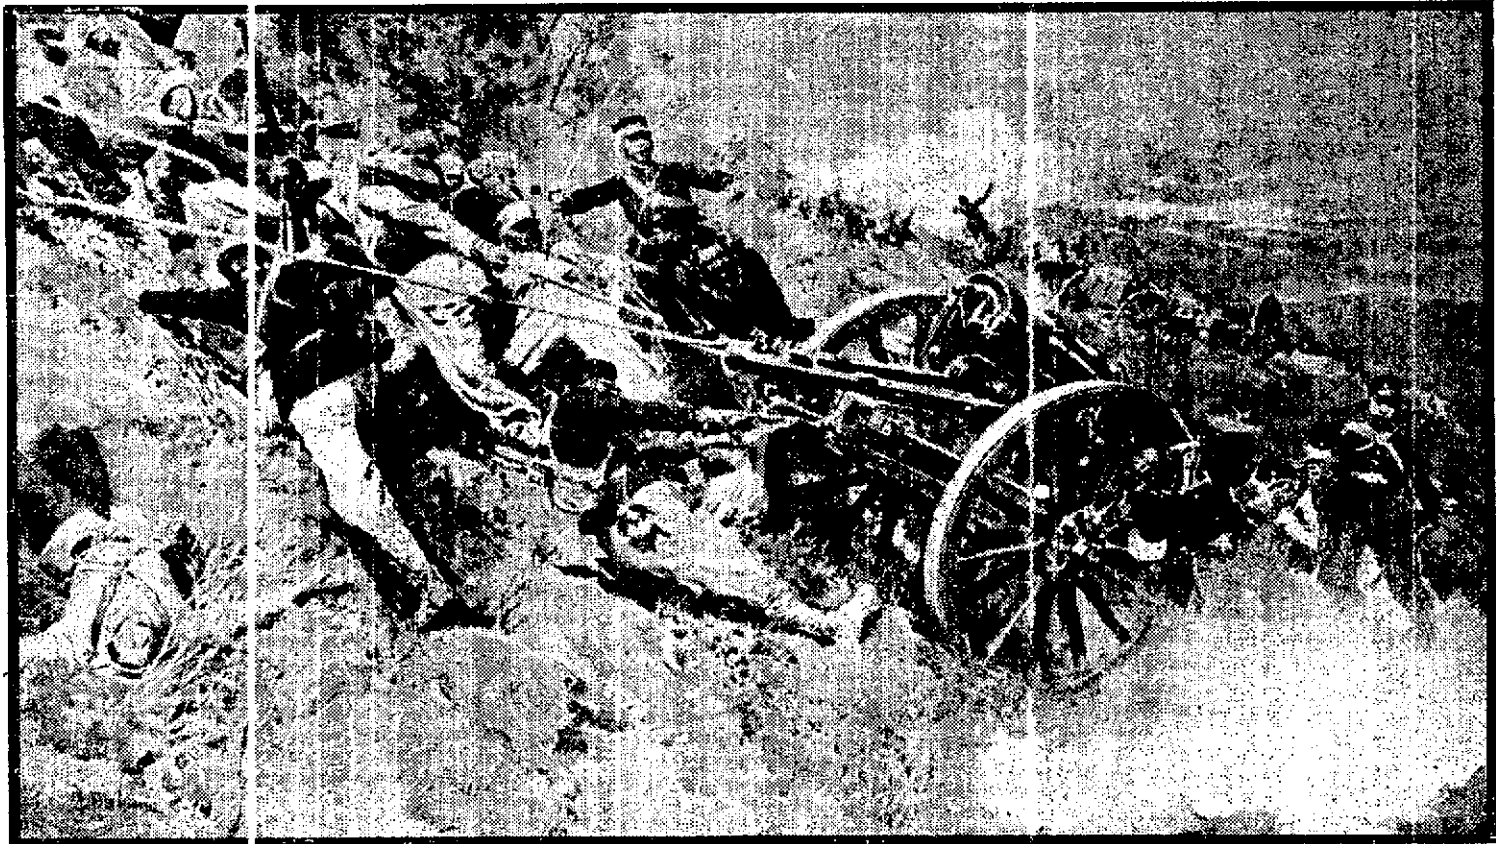

## TOKIO CLAIMS A VICTORY

TOKIO, October 18, 3:30 p. m.—A telegram from Field Marshal Oyama received today says: "On the night of October 17 the enemy made two fierce counter attacks against the right column of the left army, besides a counter attack on a small scale in the direction of the center and right armies. "We repulsed them entirely. "The enemy retreated, leaving a number of dead."

### ENTHUSIASM FOR DAVIS.

EAST RADFORD, Va., October 18.—The Virginia towns of Roanoke and Radford displayed great enthusiasm today in their reception of Henry G. Davis, and his special train of Democratic orators.

less there is some fortunate development, it being explained that his assumption of the aggressive at Shakhe and along the railroad was vital as the withdrawal of his left must be made under the shelter of his right.

JAPANESE ARTILLERY BEING DRAWN UP A HILL TO BOMBARD PORT ARTHUR.

## BRITAIN HOLDS UP THIBETANS

**Great Diplomatic Game Played By England in Far East.**

LONDON, October 18.—The demand of Great Britain for an indemnity of \$3,750,000 from the Thibetans appears likely to lead to a prolonged British occupation of the Chumbi valley.

The Thibetans declared their inability to pay the indemnity within the three years first stipulated and Great Britain has now proposed that the payment be made at the rate of \$50,000 yearly and that until the whole sum is paid the British retain possession of this valley which is the key to Thibet. The Thibetans are said to approve of the proposal but China's opposition to the ratification of the treaty is increasing fears that the Dalai Lama and his Russian associate may be induced to return to Lhasa and upset the British calculations.

## JAPANESE CLAIM VICTORY

WASHINGTON, October 18.—The Japanese legation has received the following cablegram from Tokyo: "Marshal Oyama reports that on Monday night the enemy twice made fierce assaults on the front and the right column of our left army and some small assaults in the direction of our center and right armies. We repulsed them all, inflicting heavy losses."

## RUSS AND JAP ARE LOCKED IN DEATH STRUGGLE.

**St. Petersburg Say Kuropatkin While Whipped Has Staggered His Apponents.**

No direct word has come from the Manchurian battlefield to-day, but the dispatches leave little doubt that the Russians and Japanese are continuing the fight that has raged desperately for ten days. Marshal Oyama reports that last night two fierce assaults were made on his left army and several lighter attacks on other portions of his line, all of which were repulsed, while St. Petersburg says that heavy cannonading continued throughout the night pressing important movements to-day. Beyond the fact that the great battle has gone against the Russians and that there have been detached engagements almost unrivalled in their bravery and desperation on both sides, no new light is thrown on the general situation. St. Petersburg officials stoutly maintain that Kuropatkin, far from being whipped into a disorderly rout, is fighting a masterly retreating battle, and while he has been defeated, he is compelling the Japanese to purchase the victory at a cost of men and munitions that is exhausting. A dispatch from Mukden to-day says that it is cold, that a cutting wind is blowing and that the roads have been ruined by the torrential rains. A dispatch from Tokio confirms the report that the Russians on Sunday broke through an advance column and captured fourteen guns. The dispatch adds that the Japanese are in front of the Japanese left army and that another great battle is expected.

## CZAR HAD HOPED FOR VICTORY.

**Anniversary of Sebastopol is Celebrated Sadly.**

ST. PETERSBURG, October 18, 4:40 p. m.—This is the patron saint day of the heir to the throne as well as the fiftieth anniversary of the bombardment and siege of Sebastopol and it had been hoped to signalize it by the announcement of a victory for Kuropatkin and at the same time announce the definite departure for the Far East of the Baltic fleet, which

## DO NOT WISH FOR PEACE.

**Russians Are Still Anxious That Struggle Go on.**

ST. PETERSBURG, October 18, 2:06 p. m.—Announcement from Washington saying that the administration believed that the time for mediation in the Far Eastern war was approaching has created an unfavorable impression in government circles here where there is an inclination to associate it with the interview of the Associated Press with a diplomat at Tokio suggesting the propriety of renewing the efforts in behalf of the restoration of peace. The idea of peace, it is asserted, could hardly come more inopportune, with the Japanese in the full flush of victory. It has aroused only resentment and there is no doubt that if President Roosevelt should actually attempt to open the question at this time he would meet with a rebuff.

### REPULSE RUSSIAN GUNS.

TOKIO, October 18, 5:30 p. m.—The Russian artillery assailed General Oku and attacked General Nodzu and Kuroki on Monday night, but were everywhere repulsed with heavy losses.

# LOCKED IN DEATH EMBRACE.

## Trenches at Lone Tree Hill Filled With Dead.

ST. PETERSBURG, October 18, 7:04 p. m.—Nemirovich Danchenko, the well known Russian war correspondent, telegraphs a description of the capture of Lone Tree Hill, which fell into the hands of the Japanese during a night attack while the Russians slept. He says:

"General Kuropatkin the following day ordered the hill to be retaken and the whole Russian artillery concentrated at 5 in the morning and showered the hill with projectiles, the awful spectacle lasting the entire day. It seemed that no human being could outlive such an ordeal, yet the defenders remained manfully at their posts.

"The sun was already declining when Kuropatkin gave the order to storm. Six regiments advanced, fording the river in the face of a murderous fire. The enemy determined to make us pay dearly for it. He poured a hail of gun and rifle fire on our advancing columns, but nothing could stop them. They reached the other side, clamored up and at 11 o'clock a night the position was in our hands. I have just visited the scene of our triumph. The trenches are filled with dead Japanese and Russians clutched in a death embrace.

"I saw no such ghastly sight at Shupka or at Plevna. The credit for the achievement belongs chiefly to the Thirty-sixth and Nineteenth Rifles. Four other regiments participated. The Thirty-sixth attacked from the east and the Nineteenth from the west. Poutloff, leading the brigade and personally directing the attack, was the first to reach the summit and was in the thick of the fiercest fighting round the Japanese guns. The Japanese gunners died at their guns. Kuropatkin personally thanked the heroes for their gallant exploit. The captured guns were brought to Mukden."

# CLERK HENNESSEY MUST BE STRANDED

Police Judge Smith today received a letter from William Hennessey, clerk of his court, who is at present on his way West to attend the Y. M. C. convention. Before Judge Smith could learn the contents of the letter, however, he had to pay the Postoffice authorities a cent. Hennessey having forgotten to have been unable to stick the necessary postage on the envelope. The letter was mailed at Colorado Springs and Hennessey reported all the members of the party to be in good health. He said nothing about his financial condition. Judge Smith states that he thinks Billy Hennessey is stranded and points to the letter without the postage as an evidence.

# REPUBLICAN RALLY AT WALNUT CREEK

WALNUT CREEK, October 18.—The Republican rally held here last evening was one of the largest political meetings ever held in Walnut Creek. The hall was packed, over 100 being obliged to stand. The meeting was addressed by Senator Belshaw, Henry Ellis, candidate for the Assembly, E. Myron Wolf and Senator Joseph R. Crowland. Great enthusiasm was manifested after the meeting the candidates personally met everyone present, and the meeting was voted one of the most successful so far held in Contra Costa county.

# GENERAL WITH HIS TROOPS

## Kuropatkin Abandons Headquarters at Mukden.

MUKDEN, October 18.—The fighting of the 17th was confined to the Russian center at Shakhe river and was mostly artillery fire, the Japanese using big guns and high explosive shells. During the nine days of continuous fighting the losses were never less than 2000 per day. The hospitals are hardly able to handle the wounded. Nevertheless they have performed wonders.

The Chinese have deserted all the villages and the troops are using the wood-work of their houses for fuel. The country south is desolated. "The Japanese still seem to be exerting themselves to force the Russians out of Mukden. A battle is assured in the positions surrounding the town.

It becomes more and more evident that the resources of the country cannot support a large army. This season's crops are spoiled.

General Kuropatkin remains with the troops, having abandoned his headquarters at Mukden.

# ANARCHISTS ARE CONTRABAND.

## ITALY IN THROES OF POLITICAL STRIFE AT ELECTION.

ROME, October 18.—The opposition parties accuse Premier Giolitti of weakness toward the extreme parties which, they add, caused the organization of the Milan and Genova, especially at the subversion movement, the anarchists urging abstention from the elections, recommending instead a propaganda in favor of the political prisoners.

All the garrisons have been reinforced and a squadron of warships is at Genova.

The labor exchanges will hold a national meeting Wednesday at Milan. The extremists are taking steps to increase the revolutionary propaganda in the army.

A royal decree was published today, fixing the general election for November 6 and the supplementary balloting for November 13.

# JEWEL EXPERT COMMITS SUICIDE

NEW YORK, October 18.—Despondent because he had failed to make a success of his business since coming to this country a few months ago, Paul Gornard, a French expert in precious stones, today jumped from one of the approaches of the new Williamsburg bridge and was dashed to death on the stone pavement 125 feet below. Gornard is said to have come of a well-known French family and to have once been an officer in the French army.

Photographs can be clearly seen with a soft cloth moistened with lukewarm water, to which a little ammonia has been added. Use very lightly and immediately wipe the picture with a soft dry cloth.

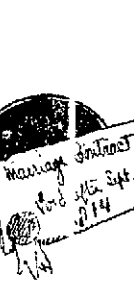

IT HAS BEEN SUGGESTED THAT SOCIETY ADOPT A TIME LIMIT MARRIAGE CONTRACT.

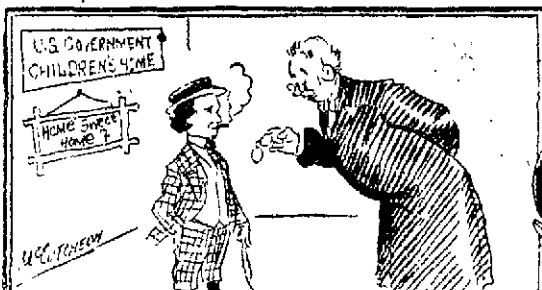

CHAPTER I.  
"Will you be mine, Felicia?"  
"For how long, Albert?"  
"For fifteen years, dearest."  
"No, but I will for ten years."  
"Can't you make it twelve?"  
"No; ten is the limit."  
"All right. Here's the ring. Take good care of it, for I may need it again."

CHAPTER II.  
"Do you promise to take this woman for better or for worse for ten years?"  
"Yes, subject of course, to renewal of contract."  
"Do you promise to love, honor, and obey?"  
"Yes, up to Sept. 20, 1914."  
"I pronounce you man and wife. Let no man put asunder in the meantime."

CHAPTER III.  
"Ten years later."  
"Well, Albert, your ten years are up today. Do you want an extension of the contract?"  
"No, thanks, dearest. I'm booked for the next ten years with Fanny Bishop. Her contract with Charles Bishop expires soon, you know."  
"Why, of course. How stupid of me to forget. In that case I'll accept Arthur Bridgeport for five years. His contract with Adelaide is up next Friday at noon."

CHAPTER IV.  
"Five years later."  
"Whose little boy are you?"  
"I'm Uncle Sam's little boy."  
"Where are your parents, my lad?"  
"Papa's long six years with the late Mrs. Bishop, her husband, I understand, is married at present to Mr. Bridgeport. Her contract expires some time next month, though, she having failed to get a renewal. Mamma's getting old, you know."

# DO NOT AGREE ON CONTRABAND.

## ENGLISH-RUSSIAN CONTROVERSY MAKES BUT LITTLE PROGRESS.

LONDON, October 18.—The Anglo-Russian negotiations on the subject of contraband of war are making little progress, judging from the correspondence of the Foreign Office with the Russian Foreign Office. The latter, in a letter dated October 14, asked the Russian Foreign Office if this class of cargo could be accepted. Foreign Secretary Lansdowne made two replies on October 14 and October 15. He said that the negotiations with Russia, which were still proceeding, had only resulted thus far in the admission of the principle that rice and provisions, were conditionally contraband, and therefore, he could not undertake to say that vessels carrying a cargo of the nature indicated would be immune from capture.

# HUSBAND WANTS DIVORCE.

## SENSATIONAL BARRIE CASE IS RESUMED IN COURT TODAY.

An answer to a cross-complaint filed in the divorce case of Alexander C. Barrie against Eliza A. Barrie was filed with the County Clerk today and the parties to the action are filing up in a complaint, and answer much of the testimony already given at a former trial when the shoe was on the other foot and Mrs. Barrie was trying to divorce her husband.

Barrie lives in Berkeley and has agencies to sell certain lines of goods for different firms and makes a comfortable living. He has a wife and one child, a daughter about 15 years of age. About a year ago, owing to the peculiar actions of Mrs. Barrie, it was found advisable to take her to a private sanatorium at Livermore. After she had been there some time her sister, through habeas corpus proceedings, obtained her release from the institution, and she was then again by the wife against Barrie for divorce on the ground of cruelty.

In her allegations she made grave charges of immorality against her husband and of misconduct on the part of his high-born and wealthy sister, with her daughter. One cause of complaint was that when she spoke to her husband about the matter he laughed at her, and she then accused him of being in collusion with his nephew. All the details of her complaint were gone into by Judge Ogden in a lengthy trial, and he stated it was his opinion that Mrs. Barrie was just as insane as the doctor said she was, and that the terrible charges she made were simply the result of a disordered imagination. He denied a divorce.

She some time prior to bringing her suit had refused to return to the home of her husband and after waiting a year Barrie was now brought suit against her on the ground of desertion. His attorney has filed a cross-complaint in which he has alleged all of the charges and added some others, and to his document an answer has been filed in which a general denial is made of all the charges.

# BANKER PREDICTS PROSPERITY.

## CONVENTION OF FINANCIERS ADRESSED ON SUBJECT OF GOOD TIMES.

ST. LOUIS, October 18.—Before the annual convention of the Illinois Bankers' Association here today, Frank A. Vanderbilt vice-president of the National City Bank of New York City, said in concluding a speech upon financial questions:

"I believe that conditions are again favorable to a return of prosperity. I believe it is time for optimism. So long as we remember in humbleness our mistakes and hold close to a proper conservatism, the course of financial events seems likely to follow only one general direction, and that is toward improvement, toward expanding business and toward better times."

# HUSBAND WAS CHRISTIAN.

## HE DID NOT INTERFERE WHEN WIFE WAS BEATEN.

"Is your husband an invalid?"  
"No, he's a good and true Christian."  
The question was put by Attorney A. L. Frick and the answer given by Mrs. Mary Hendrickson, a witness in the case of Ben Sears, charged with battery, and being tried before Judge Seawards today.

Attorney Frick's question arose from the fact that Mrs. Hendrickson testified that the defendant was using his fists on her while her husband stood calmly nearby. Attorney Frick who is representing the defendant, was curious to know just why Mr. Hendrickson did not put up his guard and advance upon the pugilistic Sears, and so he asked Mrs. Hendrickson for the reason. It was then that the witness informed the court that her husband had a simple and gentle Christian and had no desire to engage in a fight with a man who was beating his wife.

The witness also testified that she believed in the Biblical injunction to turn the other cheek, and also is of the opinion that it is his wife's duty to do likewise.

The arrest of Sears was made on complaint of A. K. Norwood of 510 Twelfth Street, who charges him with battery. Sears is also charged with battery by Mrs. Hendrickson, and a little yellow dog is the cause of all the trouble. Both charges against Sears were called for hearing before Judge Seawards this morning and, on stipulation of Attorney Frick, the testimony in one case will apply to the other.

According to the testimony submitted this morning it was shown that a little yellow dog, without home or kin, was peeping at a comfortable position on Mrs. Norwood's front door mat. This was not to the housewife's liking and she said "Scat!" to the canine.

Just at that moment Mrs. Sears saw the dog and she said "Scat!" and the dog came near tumbling her into the gutter. She translated Mrs. Norwood's "Scat!" into "Scat!" and so she said "Scat!" to the dog.

The evening Sears was arrested for Norwood and then, according to the latter's testimony, attacked him in front of his residence. Mrs. Hendrickson testified that she was a peacemaker. She sought to calm the fighting men and administer to their wounds. But her interference was not heeded by Sears, who, it is alleged, struck her several times with his fists. Meanwhile Hendrickson stood nearby, but made no attempt to rescue his wife from her peril. It was this fact that prompted Attorney Frick's question and resulted in the charge against Mrs. Hendrickson.

The trial of the case is still going on.

# MOORE DEMANDS BOOKS.

## MRS. DUNSMUIR SAID TO HAVE BEEN HYPNOTIZED WHEN SHE BOUGHT VOLUMES.

The public is to be denied the privilege of looking its eyes on rare volumes of books, alleged to be worth \$30,000, and for the payment of which the estate of the late Josephine Dunsmuir is now being sued. Notwithstanding the fact that Attorney A. A. Moore made a demand yesterday in court upon Attorney Barnett, representing Charles H. Lovell, the executor of the will of Josephine Dunsmuir, to have the books in court this morning, not a volume was produced. Court officials, not yet called upon to be allowed to thumb-mark the precious tomes—at least not for the present it may be that later the court will see more clearly how it can take a hand in the proceeding and order them to be produced.

Attorney Moore was considerably surprised this morning when, upon his interrogation, he was informed by Attorney Barnett that there would be no books of the variety he was looking for in court this day. He did not have to produce them and said that until he knew that the books were in the hands of Attorney Barnett, he would not have taken the trouble to ask for them. Moore then asked Judge Elliott to issue an order to have the books produced, but Judge Elliott said that he did not see how he could do so at the present stage of the proceedings, he had no right to make any such order.

Attorney Barnett is taking the stand that while there are certain books at Southern Farm near San Leandro the late Josephine Dunsmuir did not own them. Moore stated the books were all numbered, and that several hundreds of volumes, and the list of them was an exhibit in the case.

E. L. Halsey, the auctioneer bookseller, is still more sure that his books are not like a million-horse race, and give an indication that his pockets are lined with the money he has received yesterday that he had one right in New York at the Illinois Bankers' Association, as a witness. Moore stated the books were all numbered, and that several hundreds of volumes, and the list of them was an exhibit in the case.

# WALCOTT WILL NEVER FIGHT.

## BOSTON, October 18.—Technically on murder, the negro pugilist, was still at the city hospital today, suffering from pistol wounds in his right hand, self-inflicted, he declares, during the accidental discharge of his revolver.

While the police accept Walcott's story that the shooting was accidental, a systematic examination of those present at the dance in the South End last night, where Hall was killed, was started today by the authorities.

# MRS. SMITH GIVEN DIVORCE.

## ACCUSED HUSBAND OF HABITUAL INTemperance AND INFIDELITY.

The beginning of the dissolution of two homes was started this morning by the granting of a divorce by Judge Melvin to Mary E. Smith from William H. Smith on the grounds of habitual intemperance and infidelity.

Smith, it was claimed, had been unduly intimate with Mrs. Sarah W. Graves, wife of Fred Graves, a ticket taker in the employ of the Southern Pacific Company. After the filing of the charges against her husband Graves followed suit and began divorce proceedings against his wife for the same reasons.

After the charges made against her by Mrs. Smith had been made known, Mrs. Graves attempted suicide by allowing the gas to escape into her room but singularly enough was found by Smith in time for him to give the alarm and have her life saved.

Mrs. Graves before marriage was a well-to-do woman, with some money and a few months previously from George L. Warramacher.

State Now Seeks a Return  
of Money Loaned.

"The knottiest problem which the next Legislature and Governor Pardee will have to solve," said Senator Frank Leavitt this morning, "will be the disposition of the State Fair controversy which has been pending for the past two years."

Senator Leavitt of this city is one of a committee of three hold-over Senators of the last session, which was appointed to report as to the best thing to be done to enable the State to get out of the State fair association the money which, for years the State has been appropriating, ostensibly in the name of encouraging agriculture, but, in effect, in giving premiums to professional horse-racers and supplying Sacramento with an attraction for visitors at the expense of the State.

The other members of the committee are Senators Curtin of Tuolumne and Bauer of San Francisco.

Continuing Senator Leavitt said:

**CONFLICTING OPINIONS.**  
Senator Curtin has looked into the question as to whether the State can take into its possession the property of the State fair in Sacramento by way of satisfying it for the money which has been appropriated to the fair out of the State treasury and has reported that such can be done.

"Senator Devlin of Sacramento, who represents the association, has prepared a report to the effect that the property in question cannot be taken by the State no matter how much money the State may have sunk in the losing enterprise."

"Sacramento, however, wants to keep the State fair and also to get the annual appropriation, and this despite the fact that the State fair has been a failure as also that the association governing it owes thousands of dollars to the State by reason of a deficit which was discovered shortly before the last Legislature adjourned."

**GVERNOR'S ULTIMATUM.**  
Governor Pardee said at the last Legislature, "What I want simply is that the State fair be made a success. But the fair has not been a success. The last fair, held a short time ago, was a failure."

"Now the question is whether to abandon the fair altogether, or move it nearer San Francisco, nearer the major part of the population, say at Oakland or San Jose, where people could be found in large enough numbers to support it."

**SANTA CRUZ BLUFF.**

"Santa Cruz some time ago put in an offer for the fair, agreeing to give the State a site for the fair grounds provided the fair would be located there for a time. But the offer had scarcely been made before the ministers came out and said they would not tolerate a fair there if it should come with horse-racing and betting."

"The latest, I have heard is that Governor Pardee wants to have conference with the State fair people and our committee, to determine as to what course he will pursue when the question comes up at the next session of the Legislature."

SENDS  
WOMAN  
TO JAIL

Mrs. Shehan Tries to  
Run Court and Gets  
in Contempt.

Mrs. Mabel Shehan, a spiritualistic medium, who is suing her husband for divorce, today conducted herself in such an unseemly manner that Judge Melvin was compelled to put her in the County Jail for two days for being in contempt of court. It required the combined strength of Deputy Sheriffs Sweeney and Riley to carry her down stairs to the jail. Her offense in the court room consisted of insistently interrupting the testimony of her brother, which was slightly against her. She was repeatedly warned by the court to not interrupt the proceedings, but insisted it every juncture, with tigerlike vehemence in having her own way and defying the authority of the court. The case will not proceed until Mrs. Shehan has cooled off and has served her two days' sentence.

NAME MISSIONARY  
BISHOPS

EPISCOPALIANS IN CONVENTION  
ADOPTED AN AMENDMENT TO  
DIVORCE LAW.

BOSTON, Oct. 18.—The House of Bishops today nominated the following persons for missionary bishops: Rev. Logan Herbert Root, formerly of Kansas, for Hankow, China; Rev. Franklin Spencer Spalding of Erie, Pennsylvania, for the District of Salt Lake and the Rev. Albion Williamson Knight Jr. of Atlanta, Georgia, for Cuba.

An amendment to the divorce canon, offered by Rev. Dr. E. A. White of Bloomfield, New Jersey, went to the Committee on Canons. Dr. White's amendment forbade the re-marriage of divorced persons and added words to the effect that the canon should not be considered as the expression of an opinion by the church as to the interpretation of the ninth verse of the nineteenth chapter of St. Matthew, nor as pronouncing upon the validity of the remarriage of the innocent party divorced for the cause of adultery.

The deputies concurred with the bishops in establishing a foreign missionary diocese in Mexico.

The annual report of the executive committee for last year contained the following:

"Seven races differing widely from each other in character and condition, have been ministered to through church and school. Seven hundred and fifty missionaries have preached and taught among the various peoples."

"More than half of the negroes in the South can read and write; a 'talented tenth' are well advanced in intelligence and character and have become industrious and useful citizens with homes of their own. A public school system, poor and inadequate though it be, has been established in every State. Three fifths of our pupils are still in the primary and intermediate grades. We have thirty-eight normal and graded schools among the colored people. Ten of them are boarding schools and nearly all have industrial work."

"There is great need of reinforcements to adequately care for the outstations in Porto Rico."

"The receipts were \$325,478 and the expenditures \$378,981. The debt is \$67,511."

SPIRITS  
AGAINST  
FISTS

Husband Says Spirits  
Caused Trouble--Wife  
Says Fists.

Both sides in the Shehan divorce case have put in their case in chief and the testimony this morning was in favor of the plaintiff, Mabel C. Shehan, who is suing her husband for a divorce. John J. Shehan says that all of the trouble between himself and his wife has been caused by spirits, while she declares that the more physical and apparent cause is her husband's good right hand.

The testimony of husband and wife upon this score is directly opposed. Mrs. Shehan says that from the day of the marriage, nearly three years ago, her husband has treated her with cruelty and given her blows for the most trifling cause. He has ever struck her wife and said that they never had any trouble until about a year ago when Mrs. Shehan took up spiritualism as a fad and neglected her home and children and squandered their money in an endeavor to become a trance medium and able through the means of cabinets and other spiritualistic paraphernalia to summon the departed soul of the dead from their dead bodies.

Today was spent in the examination of J. J. Van Anden, a youth, the brother of Mrs. Shehan. He testified in rebuttal of the testimony of Shehan that he saw him strike his sister while they were living on Linden avenue in San Francisco a number of years ago. He direct and cross-examination took up nearly the entire day, but he maintained his story throughout and what testimony he gave was to disprove his statements has not yet been made apparent.

WOMAN  
FIRES TO  
KILL JAP.

Shoots Him in Head  
at Shooting  
Gallery.

SAN FRANCISCO, October 18.—Raising a 22-caliber Winchester to her shoulder in a shooting gallery at 815 Kearny street shortly before noon today Mrs. Edward Forsythe shot U. Noda, a proprietor in the head. Although but one shot was fired, there are two holes in the man's head and he is in a serious condition.

Mrs. Forsythe was intoxicated and told the police a number of different versions. In one she said she thought the life was loaded with blank cartridges then she was looking so intently at the bulls eye that she did not notice the Japanese getting in the way, and finally ascertained that he had turned her head and was not looking in the direction in which the rifle was pointed.

## RUSSIANS ADVANCING

The dispatch of the Associated Press from Mukden filed early this morning and announcing that the artillery fire continued unceasingly throughout last night indicates doubtless that there would be important developments to day. No indication was given, however, of the object of the firing, or which side was the aggressor.

Some of the newspapers, notably the Russ, boldly hail the Russian successes at Lone Tree Hill as complete evidence that Kuropatkin will again make a genuine advance along the whole line, printing the announcement in big headlines:

"The Russians resumed the advance. Kuropatkin has crossed the Shakhe river."

"He has 280,000 men and 900 guns."

DES MOINES, Ia., October 18.—Rev. Washington Gladden, of Columbus, Ohio, today resigned the presidency of the American Missionary Association. The new duties of moderator of the Congressional National Council forced Mr. Gladden to give up the less important office.

BOSTON, October 18.—A municipal warrant was granted later for the arrest of Walcott on a charge of manslaughter.

PEACE WITH  
JAPAN OR  
NOT AT ALL

Russia Does Not Look  
Kindly on In-  
tervention.

ST. PETERSBURG, October 18.—An official of the Foreign Office with whom the correspondent of the Associated Press talked, declined to believe that the United States seriously contemplated tendering her offices at this time. He could not believe that there could exist at Washington the opinion that such overtures would be entertained, unless Japan had directly indicated a wish to end the struggle. That Japan would be glad to make peace under the present favorable circumstances he did not doubt, but Russia was by no means ready.

"All the powers fully understand Russia's position," said he. "It has been made quite clear. Russia, as the Emperor announced, will make peace direct with Japan. No intervention of an outside power can be tolerated. If Japan desires to end the war she must apply directly through such mediators as she may choose, the United States if she prefers, but no representations not coming directly from Tokio would even be answered. If she has any propositions to submit, however, they would certainly receive the consideration to which they are entitled."

In reply to a suggestion that possibly a personal friend, like Emperor William might be in a position to approach Emperor Nicholas, the official said he was convinced Emperor William would not tender what he knew would be unacceptable. Emperor Nicholas, he added, much as he personally desired to prosecute the war, was firmly resolved to prosecute it to the bitter end and attain the purpose he announced in his proclamation when Japan began hostilities.

MRS. BARRIE SUES  
HER HUSBAND

BERKELEY, October 18.—Mrs. Eliza A. Barrie whose sensational charges against her husband in her recent divorce proceedings in the Superior Court, created quite a stir, today began suit in the Berkeley Justice Court for \$399 damage, naming as defendant, her husband, A. C. Barrie, Edwin Wade and Margaret Wade. Mrs. Barrie claims that Barrie and his relatives are holding personal property in the Barrie home, 2601 Fulton street, and has refused to give it up on demand.

DESTROYS  
PUTRO  
POTATOES

Market Inspector's Timely  
Action in Jap  
Restaurant.

"There ought to be an inspection of the fruit and vegetables at the wharf where these articles are landed from the boats which go up the Sacramento and San Joaquin rivers, to see that the produce is in wholesome condition."

This was the conclusion reached by Dr. R. A. Archibald, Markets, Meat and Milk Inspector of the Board of Health this morning. It was based upon the discovery of a lot of rotten potatoes which he brought to the wharf and had already been delivered at a Japanese cheap restaurant in the heart of the city. The potatoes were in such a condition as to attract the attention of an ex-hotel proprietor of this city, who brought the matter to the attention of a TRIBUNE reporter. Through the latter, Health Officer Von Adelung and Markets Inspector Archibald were informed of the report made by the reporter, and they were entirely disinterested in the premises.

**ARCHIBALD'S EXAMINATION.**  
Dr. Archibald and an assistant went to the restaurant in question and found there a consignment of about 400 sacks of potatoes, which had been purchased for use in the place.

Dr. Archibald discovered that a large part of the potatoes were not only unwholesome, but that many of them were so rotten that they were unfit for human consumption.

**DOCTORS' REMEDY.**  
The doctor accordingly ordered the destruction of the deleterious potatoes and the order was immediately enforced, resulting in the destruction of the potatoes by pouring kerosene over the rotting mass.

**JAPS DISPLEASED.**  
The Japs did not like it when we rejected a lot of unwholesome food," said Dr. Archibald, "and that is why they are so angry. They had bought the potatoes for a sack of rice, but when we found out that the potatoes were so rotten that they were unfit for human consumption, we rejected them. They are now in a bad way, but we will see that all decayed fruit and vegetables are promptly destroyed before they get into circulation. After such stuff leaves the wharf, it is impossible for it to get into the case of the Jap restaurant in question. We were, as you know, informed of the potatoes and it was well that such was the case. We are none too early."

**BREEN AGAIN ARRESTED.**  
J. M. Breen, a saloonkeeper at 751 Seventh street, was arrested today by Policeman McKeehan on a charge of disturbing the peace. He has been released on \$25 bail. Breen was arrested yesterday by Policeman McKeehan for interfering with an officer. It is claimed by Policeman McKeehan that he went into Breen's saloon yesterday for the purpose of looking at his license when Breen called him derogatory names.

**S. C. SKINNER FINED.**  
S. C. Skinner, the farmer from the Sacramento Valley, who was selling the sights in the vicinity of Twelfth and Union streets, was fined \$200 yesterday morning and who was arrested by Sergeant of Police Lynch, was fined \$10 or five days in jail by Police Judge Samuels this morning for carrying a concealed weapon.

**SCAVENGERS ARRESTED.**  
Scavengers are being taken into custody by the police today for violating the garbage ordinance. Just as quickly as the men are arrested, Attorney Creely, their attorney, has them released on bonds. Two representatives of the Pacific Incinerating Company have been sworn in as deputy constables and are securing evidence against the scavengers.

ANOTHER  
STRUGGLE  
BEGUN

Japanese Sources Believe  
There is Enemy Yet  
to Fight.

TOKIO, October 18.—Field Marshal Oyama reports that the Russians are concentrating in front of the armies of Generals Oku and Nodzu and that they are evidently planning to resume the aggressive.

It is believed in Tokio that another great struggle has probably already begun.

A report telling of the disaster to General Yamada and stating the conditions at the front reached Tokio during the night. It is as follows:

"The enemy's infantry, about a regiment strong, attacked part of the right army occupying Sasayama and Tachikawa on the morning of October 16, but the Russians were routed by a counter-attack and at 9:30 o'clock retreated toward the north."

"The enemy in the direction of Wai-tuo mountain remains in his position, but his state is uncertain."

"There is no change in the direction of our right army and there is no change in the front of our center army."

"On the evening of October 16, a mixed detachment under command of Major General Yamada, was sent to help part of the left army attacking the enemy north of the Shakhe river. It commenced its operations at the right wing, driving off the enemy. The detachment captured two guns and two ammunition wagons."

"Having attained its object, the detachment, after sunset, under cover of the darkness, began retreating towards its original position."

"In the meantime, at 7 o'clock the enemy, a division strong, made a vigorous advance and enveloped both wings of the detachment. Severe hand-to-hand fighting ensued."

"The detachment succeeded in driving off the enemy in front, but was unable to resist him on both flanks."

"After breaking through the Russian line, the detachment reached its original position."

"Our artillery lost most of its men and horses and was compelled to leave behind nine field and five mountain guns."

"The enemy in front of the left army remains in the position he occupied yesterday. The front line of all our columns fired slowly until sunset."

"The enemy in front has been heavily reinforced and especially in front of our center army has the enemy's strength been enormously enforced."

"The enemy's strength against the left wing of our right army is a mixed brigade."

"Our casualties during the battle of October 16 reached about 1000."

## REPUBLICAN SPELL BINDERS STUMP STATE.

## Rousing Meetings Are Held Prominent Democrats Turn to Roosevelt as a Standard Bearer.

YOUNGVILLE, October 18.—Duncan E. McKinlay, Senator Charles M. Shortridge, Senator Robert Corlett and Percy M. King spent yesterday here, arriving on the 10:30 a. m. train. Mrs. Duncan E. McKinlay accompanied the party. McKinlay, whom the veterans feel sure will be their next Congress man, received a most flattering and enthusiastic welcome. At 1 o'clock Assembly Hall was crowded with the veterans and their friends. Captain Albert Brown presided, and called upon Judge Brown, formerly of Santa Rosa, but now a member of the house, to introduce McKinlay.

Judge Brown, who, by the way, is a Democrat, stated that he had known McKinlay since the latter was a young lad, and had found him all that was upright and good, and felt certain he possessed all the qualities to be desired in a Congressman. Prolonged cheers greeted the Republican nominee for Congress, who in turn, in a few words, with the veterans, and was some minutes before quiet was restored sufficiently for him to speak.

McKinlay told at length of the splendid condition of the country owing to the Republican administration, and said that we were now operating under one of the most logical and most perfect financial systems known in the world today.

Charlie Shortridge won the hearts of the audience with his humor, given in his inimitable manner, and, after a most eloquent address, he placed with the men to stand by their Republican principles and send Duncan E. McKinlay to Congress. The rousing cheers were given for the Republican party and the speakers.

## NEEDHAM MAKES SPEECH.

STOCKTON, October 18.—Congressman J. C. Needham, who is a candidate for re-election in the Sixth district, addressed a rousing meeting at Escalon. He has been making a thorough canvass of all the counties and has just closed his campaign in Fresno, where he was well received night after night. He will spend the greater part of the week in this county, and will speak in the principal towns outside of the county seat, which will not be visited for about a week after tonight.

Needham is basing his claims for re-election on the fact that a Republican, who favors a protective tariff on the products of California, should be sent to Congress in preference to a Democrat, who, along with his party, wants to reduce this tariff. As he has already served three terms in the House, he will be in a position to move for the Sixth district the next year. Last evening he made a logical and interesting address on the issues of the campaign and the work he expects to accomplish for his district when he is returned to Congress. Such a gain in popularity for a Republican candidate is believed that it will be larger this year.

## HAYES SPEAKS OF PROTECTION.

SAN JOSE, Oct. 18.—E. A. Hayes, Congressional nominee for the Fifth District, drove to Sonoma this evening, where he was welcomed by some of the leading Republicans of the district.

In this section are many of the finest orchards in the valley and Hayes being an extensive orchardist himself, who has dealt with the State president in fruit production in years past, was accorded a particularly warm reception. The new hall was crowded. Colonel Philo C. Hersey, one of the leading fruit men of the State president, and paid several high compliments to the nominee in presenting him to the audience.

Hayes, in the course of his speech, dwelt on the advantage of the protective tariff to fruit-growers, and pointed out how desirable it was to uphold the Republican party in power so that the tariff may be maintained, which protects such industries as those of the Santa Clara Valley. A number of other speeches were made, including addresses by candidates on the county Republican ticket.

## FLAGS GREET M'K LAY.

ST. HELENA, October 18.—The Republican rally here tonight, a "Kaiser" was given by the local committee. He was greeted by waving flags and a storm of cheers when introduced and was repeatedly interrupted by cheers during his speech. He spoke of national unity, his only reference to the Congressional fight being a tribute to the personal worth of his opponent and an appeal to Republicans to support President Roosevelt's administration. The speech made a fine impression and was warmly praised for its fairness by Democrats as well as Republicans. T. B. Dozier also spoke, appealing to the voters to re-elect President.

## "COFFEE DOESN'T HURT ME."

Tales That are Told.

"I was one of the kind who wouldn't believe that coffee was 'hurting me,'" says a New York packman. "You just wouldn't convince me its use was connected with the heart and stomach trouble I suffered from most all of the time. My trouble finally got so bad I had to live on milk and to eat almost entirely for three or four years. Still I loved the coffee and wouldn't believe it could do such damage.

"What I needed was to cut coffee and take nourishment in such form my stomach could digest. I had read so much about Postum, the cereal coffee, but never thought it would fit my case until one day I decided to cut coffee and give it a trial and make sure about it. So I got Postum and carefully followed the directions.

"Soon I found I began to get better and was able to eat carefully selected foods without the aid of pepper or other digestives and it was not long before I really was a new man physically.

"Now I am healthy, hearty and sound, can eat anything and everything that comes along and I know this wonderful change is all due to my having quit coffee and got the big quantity of nourishment I needed through this delicious Postum in place of the dangerous coffee and tea.

"My wonder is why every man doesn't give up the old coffee and the troubles that go with it and build themselves up as I have done, with Postum." Name given by Postum Co., Battle Creek, Mich.

Easy to prove by ten day trial of Postum in place of coffee. The reward is big and "there's a reason." Get the famous little book, "The Road to Wellville," in each pack of Postum.

## JUDGE TURNS REPUBLICAN.

SAN DIEGO, Oct. 18.—Judge W. M. McNeely, the last Judge of the Twelfth District Court before the new Constitution was adopted, who has been known for years as a prominent Democrat, announces that while he has not left the ranks of the Democracy he will vote for Roosevelt and Fairbanks. He says:

"I have decided to vote for Roosevelt, but that is the extent of it. I expect to vote the rest of the election ticket to the end. My decision is founded on my belief that he is closer to my ideal of a Democrat than is Parker. I would vote for a Democrat if I thought there was the least chance of his election, but I must choose between Roosevelt and Parker, and as a Democrat I choose Roosevelt and shall vote for his election as a Democrat, because he is more of a Democrat than Parker.

## ENCINAL FIREMEN DISBANDING

ALAMEDA, October 18.—Preliminary steps to disband the volunteer part of the fire department were taken last night at the meeting of the Board of Trustees.

The principal reason advanced for the decision is that the department as it exists at present, partly consisting of paid men and partly of volunteers, cannot be controlled satisfactorily by the chief.

In addition to the paid firemen, it is now proposed to employ a number of "call" men, who will receive a specified sum for their services at each fire.

The Fire Committee will take the matter up and formulate the new plan, which will be presented to the board for final action.

## REGARDING NEW CHARTER.

Charles Neal acted as spokesman for the committee of the Alameda Improvement Association and the West End Improvement Association, and addressed the meeting in relation to the new charter. It is the desire of the association to have a freholders election called to draw up a new charter.

President Forrester opposed the scheme at the present time, on account of the funds of the city being low.

Mr. Neal said that the funds were always low, and if the proposition were not presented to the Legislature at its next session nothing could be done for two years.

He further stated that the organizations he represented would endeavor to secure bonds and election officers free of charge and the necessary advertising at cost.

It was finally decided to hold a meeting next Monday night to informally discuss the matter and listen to arguments pro and con.

The matter of securing additional machinery for the electric light plant was laid over for further consideration.

It seems that Cox was intoxicated and accused Ming, who is a peaceable domestic, on the street, near the Alameda, and requested a dollar from the almond-eyed fellow. The latter refused, whereupon Cox promptly adorned him with a pair of black eyes and otherwise maltreated him.

Cox was arraigned before Judge Tamm, pleaded not guilty and demanded a jury trial, which was set for a week from Wednesday. He is still in jail his cash bail having been fixed at \$100, or \$500 bond.

## DISPUTE OVER PRIZE DOG IS FIGHT PERMIT POWER. DEAD GRANTED

COUNCIL AND BOARD OF WORKS BOTH CLAIM JURISDICTION.

Last night, a resolution was presented directing that lights be put at the corner of Hillside and Linda Vista avenues, and at the corner of Fifty-third and Grove streets. The resolution was adopted, but in order that the proper course to be pursued in the future may be known, and that the friction between the City Council and the Board of Public Works which both claim jurisdiction over placing lights, may be eliminated, a motion, worded by Councilman Pendleton, to the effect that the City Attorney give an official opinion on the matter, was unanimously carried.

# "THE TENDERFOOT" PLAYED TO GOOD HOUSE.

Frou Frou at Ye Liberty is Attracting Large and Interested Audiences.

LILLIAN DOLLIVER, THE CHILD ARTIST, WHO WILL APPEAR AT THE EMPIRE THEATER NEXT WEEK.

"Better than ever," is the verdict accorded to "The Tenderfoot" in their new musical comedy, "Fitz & Spitz," under the management of Messrs. Broadhurst & Clark which will be seen at the Macdonough Theatre on next Saturday matinee and night, October 22. It contains bright sparkling numbers with funny and witty lyrics and situations. A special cast has been engaged and a large chorus of singing beauties and show girls will be seen. The production is new throughout. Seats are now on sale at popular prices.

"The Tenderfoot" with Philip H. Ryler and a big company appeared at the Macdonough last night before a fair sized audience, and pleased those present. The company is a large one and the scenery and costumes are most excellent. "The Tenderfoot" as a whole is a pleasing entertainment, and one that merits the favorable criticism it has received elsewhere. It is on at the Macdonough theatre for the last time here.

**A TEXAS STEER.**  
"A Texas Steer" is undoubtedly one of the cleverest and most popular comedies on the road today, and the announcement of its appearance is hailed with delight by a large number of theatre-goers. Throughout the country this season's company is claimed to be an exceedingly strong one both artistically and numerically.

The play is thought to be may to be the best that has ever been produced. Its lines are witty, its situations are extremely ridiculous and the action is so lively and vigorous that the interest is not allowed to flag for one instant of the two and one-half hours allotted to its presentation.

It is a natural burlesque of the office work which is very popular at the present time. The hits, which are pertinent and pointed to a marked degree, are all of a good natured character, and no offense is taken and none intended. The cast includes Will H. Froy, the original Master to Dehoney, Harry E. Emery, plays "Maverick" and "May St. John," the charming subterfuge, "Boss." The famous Texas Steer Quartet is still introducing sweet melodies. "A Texas Steer" comes to the Macdonough Theatre next Sunday matinee and night and Monday night.

**FROU FROU A SUCCESS.**  
The second selection of the patrons of Ye Liberty Playhouse was the bill last night, it being the popular "Frou Frou" which according to the program is the version used by Augustin Daly during the celebrated run of that drama in New York. The version is a splendid one and holds the interest of the audience from the rise of the first curtain to the fall of the last. A few minor faults were noticed, but they are expected on the first night of any stock company performing in any stock play, and on a smoothly and interestingly along and gives every promise of being in for a good week's business.

The honors of the evening belong to Miss Jane Kelton who handled the part of the role with ease and grace and even excited sympathy from the people although the character is a weak, colorless one. She was particularly good in the scene with Valere, which by the way was foretold by Robert El Hott, in which she listens to his pleadings and piqued by her supposed wrongs, leaves her home and husband and child to go to Venice with her. Landers Stevens was the husband and made much out of a part for which men have little use. He was all that could be expected from the audience from the rise of the first curtain to the fall of the last. He was convincing in the scene where he learns of the wrong done him and his revenge was in the scene where he and his wife, George Cooper, returned to the east this week and played the sister of Frou Frou splendidly. All of the other members of the company.

## SOUTH BERKELEY WILL WED IN EGYPT

IMPROVEMENT CLUB MEETS WITH MORE SUCCESS THAN EXPECTED.

The second meeting of the South Berkeley Improvement Club is to be held tomorrow, Wednesday evening, in Lorin Hall and it promises to be largely attended and to develop an interesting and profitable business character. The first meeting of the club was of an informal and rather experimental character, it not being fully certain that the citizens would rally to the support of such a movement. The attendance was so liberal and the general interest in local improvements so marked, that all present felt much encouraged and it was resolved to hold another meeting and proceed in permanent organization.

Among those present who spoke, and pledged themselves to the support and encouragement of the work of the club were Prof. H. C. Hagan, E. J. Sittig, T. J. Sutherland, H. D. Irwin, C. C. Green, T. J. Green, S. P. Carlson, Thos. Stevenson, Dr. C. G. Ellis, Dr. Purnell W. H. Permal, D. G. Richter, Chas. J. Finney, H. B. Stevenson, W. Woodland, Charles Harrison, A. Weymouth and Dr. M. M. Rowley.

A committee consisting of M. M. Rowley, H. D. Irwin, E. J. Sittig, Dr. H. B. Stevenson, T. J. Sutherland, and Dr. M. M. Rowley, was appointed to prepare a constitution and by-laws to be reported at the meeting tomorrow evening.

**TO SUPPRESS COWS.**  
The South Berkeley people have determined to make a strong effort to suppress the nuisance of having cows running at large in that district. The present ordinance covering the case has proved almost wholly insufficient and therefore the Ashby Improvement Club has taken in hand the work of drafting a measure that shall result, when enforced, in compelling the owners of cattle to keep them within bounds. It will take the form of an ordinance and will be presented to the town trustees in a few days.

Mr. and Mrs. John Geary of San Francisco have just taken up their residence in the fine new dwelling recently completed by Dr. J. Keane at the corner of Wheeler and Ashby avenues.

**LEAVES SMALL ESTATE.**  
Petition to be appointed administrator of the estate of the late Deputy County Clerk Charles A. Bradin of San Lorenzo, who committed suicide two weeks ago, by shooting himself, was filed with the County Clerk this afternoon by his widow Florence J. Bradin. Decedent died without leaving a will and his property estimated at \$1000, consisting of outstanding notes and cash, was valued at \$1000. Besides his widow he leaves as heir an infant son two months old.

**TREATMENT OF PILES**  
Permanence of Cure the True Test.

Many so-called pile remedies will afford the user slight temporary relief, and the majority of those afflicted do not expect more from this. The average sufferer, after having tried every preparation recommended for the cure of piles, comes to the conclusion that there is no cure except by an operation, and rather than undergo this "last resort" he suffers on, resigned to the situation, so far as maybe. The attention of those interested is invited to the following experience.

"After ten years of suffering from blind, bleeding, and protruding piles, and after using every remedy I could hear of without any benefit, I finally bought a fifty cent box of Pyramid Pile Cure, and used it with such good results I bought next a dollar box, which finished up the job. That was nearly six years ago, and as far as piles is concerned I am cured, and have never felt a symptom of them since."

"Many others have used this remedy by my advice, with the same results, and I always recommend it to sufferers with piles." C. H. Fols, Burlington, Kansas.

Testimony like this should convince the most skeptical the Pyramid Pile Cure not only cures, but cures to stay. It is in the form of a suppository, can be applied in the privacy of the home, directly to the parts affected, and does its work quickly and painlessly.

Druggists generally sell this famous remedy for fifty cents a package and sufferers are urged to buy a package now and give it a trial tonight. Accept no substitutes. A little book describing the causes and cure of piles is published by the Pyramid, Drug Company, Marshall, Michigan, and same will be sent free to any address for the asking.

MRS. TEVIS AND HART M'KEE TO MARRY—MRS. PHIPPS MADLY JEALOUS.

NEW YORK, October 18.—The Journal says, on indisputable authority, it is learned that Mrs. Genevieve Phipps, who was recently divorced from Lawrence C. Phipps, son of Andrew Carnegie's old business partner, is on the verge of nervous collapse because of the Hart M'Kee is going to marry Mrs. Cora M'Kee, a divorcee, in accordance with the understanding reached by the two women several days ago that they have been publicly understood.

First, she was induced to agree to a settlement with Phipps, so as to leave her free to marry M'Kee. McKee, who was married to her first husband, would have no chance to see an action for divorce, leaving his own suit unopposed. When news reached Mrs. Phipps that M'Kee had accepted a \$100,000 settlement, she had demanded \$200,000. She also consented to the marriage of the two women, who were married in the city. **ATTACKED WITH RAZOR, FISTS AND GUN**  
SALT LAKE, Utah, October 18.—Al H. Rawson, an insurance agent of Des Moines, Iowa, has been held up by a man who assaulted him with a razor, knocked him down twice with his fist and then pulled a gun on him and robbed him of over \$200. The hold-up occurred on the outskirts of the city, while Mr. Rawson was attending to some business for the company which he represents. When ordered to hold up his hands Rawson resisted and a struggle ensued during which the highwayman slashed Rawson's arm with a razor, finally knocked him down and after pulling a gun relieved him of his money and valuables. The robber escaped.

## MACABE SEARCHED FOR HIGH AND LOW

AFTER A FULL INVESTIGATION HIS SUPERIOR ADMITS HE IS A DEFAULTER.

BERKELEY, October 18.—After a thorough examination of the accounts of James L. Macabe, his chief clerk, Assistant General Passenger Agent H. R. Judah of the Southern Pacific Company has been forced to admit that his trusted employee is a defaulter. It has been ascertained that the missing man is \$2000 short in his accounts.

"Mr. Macabe's accounts prior to three months ago are in proper shape, but since that time they have been found to be in a bad condition," said Mr. Judah yesterday. "His conduct of late while away from the office seems also to have been open to objection. I do not care to make any further statement."

It is rumored in Berkeley that Macabe returned to his home in this city yesterday afternoon, but this is denied by his relatives. The railroad detectives and those of the Police Department have searched high and low for him all over town, but so far without avail. So have the Pinkertons on behalf of the National Surety Company, which is on Macabe's bond for \$1000. Manager F. L. Gilbert of that company thinks Macabe would hardly have gotten away on a railroad train without leaving a definite trail because of being so well known.

Macabe got excused from the office a week ago last Thursday on the ground that he was sick. That same day he was in the company of Miss Williams and Mrs. Cook of 219 Eddy street, San Francisco. Neither of these women has disappeared with Macabe. The police saw Macabe yesterday. They said Macabe had on new clothes and a new hat and was possessed of plenty of money of that day. He was wearing a suit of dark clothing and a hat of the same color.

When news reached Mrs. Phipps that M'Kee had accepted a \$100,000 settlement, she had demanded \$200,000. She also consented to the marriage of the two women, who were married in the city. McKee and Mrs. Tevis had gone to Europe to wed, the two women were married in the city. McKee and Mrs. Tevis had gone to Europe to wed, the two women were married in the city.

The only money Macabe could handle in the railroad office was that paid by summer excursion parties on the narrow-gauge road. Those accounts were being settled up during the past few weeks and it is thought he pocketed several of the payments that were made to him. He was employed in the office of the railroad passenger office, where he was employed for eight years. He was implicitly trusted and was estimated for his ability and personal qualities. He is a widower with a wife and sister, all of whom live in Berkeley, and he is prostrated over the affair.

**BRIDGE ACROSS BAY**  
NEW PROJECT OF S. P. COMPANY MAY BE COMMENCED SOON.

SAN FRANCISCO, Oct. 18.—It is probable that the proposed Dumbarton Point cut-off may be commenced by the Southern Pacific Company in the near future. Negotiations have been entered into between President Harriman's representatives and Secretary of War Taft with the view of securing permission from the War Department to construct a bridge across the narrow neck of bay from Dumbarton Point to the San Mateo county shore, with a draw where the channel now lies of sufficient size to permit the passage of vessels. This proposed new line, with its bridge across the bay, will be used, when completed, to divert a considerable volume of incoming and outgoing freight from present routes.

The Central California Railway Company, which was incorporated for the purpose of building the projected line from Newark to San Mateo, via Dumbarton Point, brought suit in the courts of Alameda county yesterday to condemn 22.10 acres of land at Dumbarton Point, which it requires for railroad purposes. There are two different parcels of land which the railroad Company is after, one containing a fraction over eleven acres and the other a fraction over twelve acres. The property in question is owned by the Morgan Oyster Company and the Dumbarton Land & Improvement Company. The Spring Valley Water Works which has two pipe lines under the bay from Dumbarton Point to the San Mateo shore, is made a defendant in the suit. It is learned that negotiations have been entered into between Harriman's representatives and Secretary of War Taft.

The letters of Miss Merkley, whose picture is printed above, and Miss Claussen, prove beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains throughout the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and ulceration, and advised an operation. I strongly objected to this and decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt less pain and increased appetite. The ulceration soon healed, and the other complications disappeared and in eleven weeks I was once more strong and vigorous and perfectly well."

"My heartiest thanks are sent to you for the great good you have done me."—Sincerely yours, Miss MARGARET MEBLEY, 275 Third St., Milwaukee, Wis.

**Miss Claussen Saved from a Surgical Operation.**

"DEAR MRS. PINKHAM:—It seems to me that all the endorsements that I have read of the value of Lydia E. Pinkham's Compound do not express one-half of the virtue the great medicine really possesses. I know that it saved my life and I want to give the credit where it belongs. I suffered with ovarian trouble for five years, had three operations and spent hundreds of dollars on doctors and medicines but this did not cure me after all."

"However, what doctors and medicines failed to do, Lydia E. Pinkham's Vegetable Compound did. Twenty bottles restored me to perfect health and I feel sure that had I known of its value before, and let the doctors alone, I would have been spared all the pain and expense that the doctors do not help them, will try Lydia E. COLLEGIANS HAVE  
ANOTHER  
CUSTOM

ANNUAL RALLY TO BE HELD  
OVER PENNANT STOLEN BY  
STANFORD.

BERKELEY, Oct. 18.—An aftermath of the recovery of the Big "C" flag stolen by some Stanford students during the intercollegiate football game, a new custom was established on the football bleachers yesterday afternoon. After the regular practice the pennant was brought down from the armory, surrounded by students, was carried to the big flag pole and hoisted up amidst the cheering and the singing of the students at the bleachers. Yell leader Bulkeley announced that the "flag rally" was to be an annual event to take place on the Monday after the freshman game. A number of speakers, including President Wheeler, Assistant Coach Greisberg and Trainer Christy gave short talks.

President Wheeler expressed himself as pleased with the game put up by the freshmen and especially at the attitude taken by Coach Stoppel in connection with the decision rendered by Referee Flicker.

Assistant Coach Greisberg said: "Of course I'm sorry we lost the game, but the result is good from a standpoint. It will teach our Varsity the necessity of team work and good, scientific practice. The freshmen put up a good game and should have won. The Varsity will put up a good game, but it will win by, say, about 20 to 0."

Trainer Christy's talk was comprehended in these words: "Too much Flicker!"

KNOWLAND WILL  
SPEAK AT  
BERKELEY

GREAT RALLY IS SCHEDULED  
FOR THE UNIVERSITY  
TOWN.

BERKELEY, October 18.—Hon. Jo-

seph R. Knowland, the Republican candidate for Congress, will come to Berkeley this evening in his tour of the district. The big rally will take place in Shattuck Hall and promises to be the most enthusiastic gathering of the campaign.

Besides Senator Knowland, there will be three speakers, all University of California graduates and all men of mark in the legal and political world. Hon. E. Myron Wolf, who was graduated in 1884 and is now Insurance Commissioner, will be one of the speakers. It was Wolf who recently declined the position of vice-president of the University of California, tendered him by the Board of Regents.

The other two speakers are our representatives to the State Legislature, Senator G. Russ Lukens and Assemblyman William H. Waste. Lukens was graduated in '91 and Waste was graduated in '91.

The Berkeley Quartet and Milton Schwartz will look after the musical and vaudeville end of the program.

PRESS CLUB FOR  
COLLEGE  
MEN

STUDENT EDITORS WILL BE  
HELD ACCOUNTABLE FOR  
WHAT THEY WRITE.

BERKELEY, October 18.—A University of California Press Club was definitely organized last Friday. Its membership includes all undergraduate publications from the Blue and Gold to the Journal of Technology. The purpose of the club will be to determine and influence the attitude to be taken by college papers towards the University, and the faculty especially. This will be brought about by making editors responsible to the club for their utterances and for what editors to the proper authorities for club editors.

The editors, managing editors and managers of the way, the college publications are the only ones eligible to membership.

It is thought that the club will be a great freedom and at the same time a lesser tendency toward sensationalism in the editorial and news columns of the several publications, since it is expected that more freedom to criticize college affairs will lead to a more tempered judgment.

The officers elected were A. C. Keane, '05, of the Occident-Messenger, president, and W. C. Cavallier, '05, of the Californian, secretary. These will hold office for the coming term.

NOTED JAPANESE  
AT UNIVERSITY

BERKELEY, October 18.—Dr. K. Tsuno, professor of veterinary sanitary science in the Japanese Imperial University at Tokyo, is a visitor at the University of California. The distinguished Japanese scientist has just completed a three year's course of study in Europe, and is on his way back to his native land.

He was the official representative of Japan at the recent meeting of the American Veterinary Medical Association at St. Louis, a gathering to which all the great powers were invited to send delegates. Japan with Dr. Tsuno was the only country that had no representative to respond.

STUDENT FUN-MAKERS ON  
A STRIKE.

Laugh Producers Are Tired of Working For Glory at the  
State University.

BERKELEY, October 18.—The funny men of the University of California are on a strike. The staff of the "Pelican," the comic magazine, have refused to grind out jokes or draw pictures for the publication until Manager, Mervyn J. Samuels, agrees to their demands.

The trouble has all come about over the refusal of the manager to pay for the materials used by the writers on the magazine and his failure to supply the members of the staff with the "Pelican" pin, which distinguishes the college fun makers from the other workers in the field of U. C. journalism. These pins cost \$1.50 each and those entitled to them claim that the manager should pay the cost. They claim that the business end of the pin is in a prosperous condition and that their failure to supply the pins is a sign of the manager's "tightness" or "Manager Samuels." The first issue of the "Pelican" came out yesterday and unless the strike is soon settled it may be the last for the term.

Joseph P. Lobb, a senior, is leading the strike. Said he today:

"Every member of the staff is standing pat and unless Samuels sees fit to concede our demands no more papers will be issued. There is no excuse for the shoddy treatment we are receiving. The management is altogether 'tight.' The faithful work of the staff is all that makes the publication possible and it seems to us that the manager should at least grant the slight recognition of our efforts that we ask."

Samuels, however, is no disturbed. He says he can get plenty of men to do the work if the present staff wish to throw up their jobs.

"These men who are now demanding that I buy them honor badges," said he, "were all on the paper last term and should have gotten their pins from the former manager. Furthermore, I do not propose to be buying materials for a lot of amateur artists who want to learn how to draw at my expense. If I gave them all they asked the 'Pelican' would soon be in the hands of the faculty and I would not be able to make the paper work. I can and plenty of freshmen to fill their places and the paper will come out just the same."

Editor Eugene Hallett, however, is in sympathy with the strike and he says that he will have to be consulted before any "scabs" are put to work. And so the war is mostly on with prospects that the student appetite for jokes will go unappeased for some time to come.

PLAN TO BOOST  
THE BONDING  
PROJECT.

PROFESSOR CARL C. PLEHN WILL  
GIVE AN ADDRESS IN  
BERKELEY.

BERKELEY, October 18.—A rousing meeting for the purpose of boosting the proposed bond issue shortly to be submitted to the voters of Berkeley is to be

held in Peralta Fire House on Shattuck avenue tonight. President Shand of the Ashby Improvement Club is to preside at the meeting and many prominent speakers will be present.

Professor Carl C. Plehn of the department of economics of the University of California is to be present and will give reasons why he thinks that a bond issue for much needed improvements will greatly benefit the college town at this time. President Thomas Rickard of the Town Board of Teachers will be another of the speakers. Several other members of the Board will be present.

CHURCH WILL NOW HOLD  
SERVICES AT NIGHT.

BERKELEY, October 18.—Owing to the large increase in the attendance at the College-avenue branch of the Trinity Methodist Episcopal Church and the demand for night services by the students of that district, Sunday evening services will be held in the little church. Rev. Kennedy, who was appointed assistant pastor to Rev. C. K. Jensen at the recent conference, will conduct the services, which will begin at 7:45 o'clock. In case of his being unable to attend, he will supply a minister.

PAJAMA RALLY  
NOW ON THE  
TAPIS

STUDENTS TO HOLD A UNIQUE  
CELEBRATION IN THE  
GREEK THEATER.

BERKELEY, October 18.—The rally committee has completed its plans for the pajama rally which will take place in the Greek Theater, Friday evening, October 28.

Two hundred and fifty new torches have been ordered and will be ready by next Wednesday. The book for signing up for torches is in the Co-op. W. E. Simpson and Joseph Mills have suggested the idea which the committee has adopted for the rally. Every man will wear a pajama or a special suit. The costumes will be decorated in a similar manner to the junior plugs.

The suits are of heavy twill and may be painted on with oil paint, or foot-ball pictures may be cut out and pasted on. The suits may be handed down from year to year. Every college man is expected to turn out in costume and join in making the rally the greatest of its kind ever held. After Saturday's defeat it is necessary that the Varsity team should be shown that the college as a unit is behind it stronger than ever, and the rally will be conducted with this aim in view.

GO-EDS MAY WEAR  
CAP AND GOWN

BERKELEY, October 18.—A meeting of the senior women will be held tomorrow at 11 a. m. in room 18, North Hall, for the purpose of arranging details for a senior banquet and to decide upon the question of wearing the cap and gown. The wish of many of the women of the senior class to revive the pretty custom here which is still in vogue in many colleges—that of appearing on the campus in the symbolic cap and gown of the collegian, has resulted in the decision to present the question at this meeting, where it will be definitely decided.

The proposed banquet will probably be held in the near future.

GRADUATE TELLS ABOUT  
A NEW MINING TOWN.

BERKELEY, October 18.—A letter vividly describing the life in a new mining town was received by Librarian Rowell from Robert E. Bush, '97, who is at present in Goldfield, Nevada. This town is only four months old, but its inhabitants already number 600. It is described by Mr. Bush in a most interesting manner. He says that an atmosphere of prosperity surrounds the town and its inhabitants, and in this account no objections are raised to the exorbitant prices asked for all new series of life. Water, for example, is 60 cents per barrel, delivered, and beds from \$1 to \$1.50 a night. Bush was a prominent college man, being identified with many student activities. He is now connected with the Goldfield Water, Mining and Milling Company.

EXCITING  
GAME.

HAYWARDS TEAM DEFEATS THE  
CALIFORNIA BOWLERS'  
NINE.

HAYWARDS, October 18.—Although the local baseball team has proved its superiority over most of the amateur aggregations of this part of the State, it has never displayed better form than in the game with the California Bowling Alley team of San Francisco, on the Haywards diamond yesterday. At the finish, the score stood 8 to 7 in favor of the locals.

The opposing team is made up of local players, many of whom have played on the Presidio nine. It took ten innings to decide the victory and if the locals had not shown themselves equal to the occasion in a critical period, the San Francisco team would have gone home victorious.

It looked somewhat dubious for the home talent when in the tenth inning the home team was down to one man. However, by timely hitting, they managed to bring in four runs. With two men out and three men on bases, Terry McKune batted one of Rowland's pitchers out of the orchard adjoining the diamond and the Haywards youngsters are looking for the ball yet.

The fans had already started for the gate, and it was several minutes before they could realize that victory was snatched from their jaws. However, they rushed back into the field and carried the victorious players off the diamond, on their shoulders.

Gillis for the locals and Cameron for the San Francisco team made two exceptional catches.

The batteries were Haywards, Oswill and Oswill; California Bowling Alleys—Rowland and Contr.

## EMPLOY EXPERT ON PLANS

BOARD OF EDUCATION BELIEVES  
THEY SHOULD BE EX-  
AMINED.

The Board of Education last night empowered its committee on schoolhouses and sites to employ an engineering architect to examine the plans now submitted for the different school buildings to be erected. It was stated by Director Randolph that it was deemed advisable by the committee that a person thoroughly competent, should go over the plans and estimate the cost of construction and examine the plans to see that they were practicable. He said that such a person could not be employed for less than \$150 a month and he asked that the committee be given the power to employ such a man. He said that he believed it would be a saving in the long run and that it might avert bad building later on.

This view was endorsed by the Board and the necessary resolution was passed. It was then stated that such a man as was wanted had been found in an architect by the name of Schwetka of San Francisco. And he will be immediately put to work upon the plans now submitted for the consideration of the Board.

In regard to another phase of the building problem the following resolution was offered by Director Randolph for the committee on schoolhouses and sites and was unanimously adopted:

**TO CONSIDER PLANS.**  
"Oakland, October 17, 1904.—To the Honorable the Board of Education: Your committee on schoolhouses and sites would recommend that a special committee, consisting of the Superintendent of Schools, Dr. F. H. Dressler, professor of school hygiene and school sanitation of the University of California, Mr. J. P. Garlick, principal of the Lincoln School, and the principal of the school for which the building is to be constructed, be appointed to consider the plans from the school standpoint; that is, in reference to arrange-

ments for lighting, heating, ventilating, stairways, halls, etc.

"That this committee take up and consider the various plans submitted, making report to the committee on schoolhouses and sites in reference to these plans."

**MISS WHITE RESIGNS.**  
The announcement of the resignation of Miss L. E. White of the Franklin School, caused the Board to take unusual action in the acceptance of her resignation as she has taught school in the Oakland department for a period of more than twenty-five years and is thoroughly capable at the present time. In resigning she expressed her hope for the future welfare of the department with which she had been connected so long, but said that she believed that she had earned a rest and wished her resignation to go into effect immediately.

In regard to the matter Superintendent McElmonds said: "I would like to call attention to the resignation of Miss White. It is no usual thing for a teacher to resign in one position. She has labored long and earnestly and done faithful work."  
Director Myra Knox in moving the acceptance of the resignation said: "I move this Board that the resignation of Miss White be accepted but with regret. She has been a faithful member of the department and is better to-day than she ever was."

This resolution was unanimously adopted.

**HANDBALL COURTS.**  
Two handball courts were ordered to be built for the Garfield School the directors expressing themselves generally in favor of the exercise.

In regard to the purchase of the property of Elben & Nor in the vicinity of the Prescott School the Board authorized the committee to make a bona fide offer of \$2500 for the piece of land required. It was the general sentiment that this was all that could be reasonably asked for the property.

TEEN ARE LEAVING FOR  
OTHER FIELDS.

DENVER, Colo., October 18.—The strike of coal miners of District 15, United Mine Workers of America, which has been on for a year, has been practically closed up, according to a dispatch to the News from Trinidad, Colo. The commissaries are closed, most of the tents have been taken down and the men are looking for situations wherever they can get them. All the men who were on strike up to October 12 are given union clearance cards. It is understood that those of the strikers who desire the transportation to other fields will be so provided. William Howells and John Simpson, president and secretary respectively, of District 15, will not be candidates for re-election for their respective offices at the mine workers' election, which occurs by referendum vote during this month. Robert Smith seems to be in the lead for president and Harry Douthwaite for secretary.

## TO OPEN BRIDGE AT MIDNIGHT

NEW YORK, October 18.—In order to avert a repetition of the fatal panic which attended the opening of the Brooklyn bridge, it has been arranged to open the Rapid Transit Subway at midnight, October 27, instead of beginning its operation at a busier hour of the day.

In completing final arrangements for the formal turning over of the road to the city and the further delivery of it to the operating company, this was found to be the best way out of a possible danger to the public crush.

The ceremonies will be held at 1 o'clock in the afternoon in the Aldermanic Chamber. Invitations will be sent to the President of the United States, members of Congress, the Governor, the Legislature, the heads of all municipal departments, judges of the courts and heads of religious denominations of the city, presidents of the colleges, the presidents of the business associations, foreign consuls and the presidents of all railroad companies having to do with the rapid transit.

The company will send invitations broadcast to the city departments and others which will be good for a free ride on the 27th and up to midnight.

**RETURN TO WORK  
IN CHICAGO TANNERIES.**

CHICAGO, October 18.—The three Chicago tanneries of the American Hide and Leather Company have returned to the ten-hour day after working on the nine-hour basis for eighteen months. The change affected 1200 men, of whom eighty, being members of the union went on strike. Competition, of course, of the company said, made the longer work day necessary.

## MARRIES WITH LESS HASTE.

CORDS TIES SECOND NUP-  
TIAL KNOT—BROKE RECORD  
FIRST TIME.

The marriage of R. Cords Jr., a real estate dealer of Fruitvale and Miss E. Cords, of San Francisco, which took place on May 10, 1903, in this city, was annulled yesterday by Judge Graham of San Francisco. Immediately after the annulment of the marriage, Cords secured a license to wed a Miss Nora Stern, whose age is given as 18, and who has been living with her sister at 524 Ellis street, San Francisco.

Cords' first wife was a Miss Mimi Talmadge, who is said to be about 26 years old. His marriage with her, which took place in a local restaurant, was the result of a twelve hours' dizzy courtship. The following day, Mrs. Cords filed suit for annulment of the marriage contract, alleging that at the time she was married to Cords she was under the influence of opium and whiskey, which she had taken to relieve the pain resulting from an operation for appendicitis. She said that she met Cords for the first time on the day of their marriage.

## ENTERTAINMENTS FOR UNIVERSITY FOLK

BERKELEY, October 18.—The Greek play "Ajax" has been successfully put on, but the musically and dramatically inclined of the University need fear no lacking in their favorite field of entertainment, for within the next few weeks several performances will be given here which will rival the best to be seen at the metropolitan theatres.

On Saturday, October 22, at Mills' Seminary, Ben Greet and his company are to appear in two Shakespeare's most popular dramas. At 2:30 p. m., upon the spacious lawn, "As You Like It" will be presented, in which Mr. Greet will appear as Jacques and Miss Crawley as Rosalind. In the evening, at 8:15 o'clock in Lister Hall, the musical auditorium of the seminary, "The Merchant of Venice" will be given. In this Mr. Greet will appear as Shylock, Miss Scott as Portia and Mr. Crawley as Bassanio.

Arrangements have been completed with Mr. Greet for a production of the old English miracle play, "The Story of Bethlehem," which will be given in the Harmon gymnasium probably on Thanksgiving eve. It will not take place in the Greek theatre as the action of the play is not well adapted to an open-air performance. It will be the first production ever given on this coast and the parts will be taken from Professor Gayley's recent adaptation of the old version. Prices will be announced later.

The Greet company has been day-ling in San Francisco. Last evening

and tonight they were scheduled to appear in Sacramento. They will give "Twelfth night" at Stanford on Friday evening and on the night of November 19 will appear at Stanford in "Hamlet."

The Sousa band concert will take place at 2:30 p. m. on Friday afternoon in the Greek theatre. The program will include selections from "Parsifal," "The Dance of the Flower," "Girls," Chopin's "Funeral March," "The Grail Motive" and other numbers not yet announced. Mr. Sousa has promised to be liberal in encores, many of which will be from his own popular musical compositions. The opportunity of hearing the famous leader and "march king" assures a large audience.

**PROFESSOR GIVES STUDENTS ADVICE**

BERKELEY, October 16.—The regular weekly college commerce lecture was delivered by Professor Bernard Moses yesterday afternoon. Though it did not treat commercial subjects as a whole, still it was exceedingly interesting, as the advice given had an indirect effect upon the future of students in commerce.

Professor Moses began by excusing himself for the seemingly unconnected trend of his lecture. He said in part: "The first thing I want to tell you boys is that you must consider it as a part of your training to learn something that will make you temporarily useful to the people. Superiors until such time as they have come to notice you. You must accustom yourselves to work under a superior."

He then passed on to discuss the cause of the slow development of the Oriental trade. He attributed this slowness to defective means of internal communication in the Orient, to the peculiar social and political attitude of other nations toward Oriental people, and to the fact that Oriental people are up to a short time ago the people of Japan.

In conclusion he pointed out the historical effects of western and eastern intercourse. He said: "The connection between Asia and Europe was due to the commercial interests of the people of Europe. One of the bad effects of this intercourse is the destruction or debasement of the arts of Oriental countries. When the Orient is wholly opened there will be great opportunities for young men, especially the graduates of the college of commerce."

The lecture was profusely illustrated with numerous examples, many of which were taken from the history of the Orient. The professor's stay in the Orient.

It was explained by the executors that they had inadvertently neglected to pay the allowance, but had rectified the matter as soon as their attention was called to it. The estate is valued at about \$50,000. Mrs. Bump, who was the second wife, was left \$2500 in cash and the family residence on Myrtle street, valued at \$2500. She demands a larger share of the estate. The bulk of the property was bequeathed to four daughters.
